

# GOVERNANCE DETAILS

## Board of Directors

The Focused Ultrasound Foundation Bylaws outline a governance by not less than 5, but no greater than 15 Board of Director membership. All Directors have full voting privileges and serve renewable 3 year terms. Each year 1/3 of our Board of Director positions expire/renew. This provision is in place to allow for Board continuity over time. Our Board of Directors is an entirely volunteer based Board. There is no annual donation requirement to maintain active status on our Board. Additionally, no member of the board of directors receives monetary compensation for their service with the exception of our CEO/Founder.
